## B-21 EIS Virtual Public Hearing Meeting Instructions

The virtual hearings will provide an overview of the Draft EIS, including a description of the project's alternatives and the associated potential environmental impacts.

Note that while two public hearings will be held in Central Standard Time (CST) to accommodate Texas residents and two public hearings will be held in Mountain Standard Time (MST) to accommodate South Dakota residents, the content will be the same at all virtual hearings, and are open to all members of the public.
