When logging-on to the meeting, please indicate your organization name in parentheses after your last name, if you represent one.

- All lines will be muted upon entry and stay muted throughout the meeting and video feeds will not be permitted.
- If you need assistance, please use the chat function to send a note to the meeting host. For call-in only users, press *9 to raise your hand.
- If you need assistance accessing the meeting, please email B21EIS@icf.com
- To hear audio when connecting through the Zoom link, please make sure the volume on your computer speakers is on and that you do not have any programs with audio features (e.g., Skype, Pandora, YouTube) open that may interfere with the online meeting audio.
- A presentation video will be played during the virtual meeting, so please ensure your audio is working.
- A question-and-answer session will be held at the end of the video presentation to clarify any questions raised during the meeting. Throughout the meeting, participants can type questions into the Question-and-Answer box located at the bottom of the screen on the Zoom platform. During the question-and-answer session, Air Force representatives will respond to and answer clarifying questions. If a question cannot be answered during the meeting, direction will be provided.
- Individual internet connections and bandwidths may impact your viewing experience during the virtual hearing. It is best to close all other applications (i.e., outlook) and limit streaming or downloads during the virtual hearing.
